Weston & Sampson expands Aquatic Facility Capabilities with the Addition of Aquatics Group

Weston & Sampson, headquartered in Peabody, Massachusetts, is pleased to announce the addition of Aquatics Group (formerly International Aquatic Design, Inc.), to the Weston & Sampson family of companies. In business for more than 25 years, Aquatics Group will continue to provide award-winning aquatic design services to clients worldwide under the name "Aquatics Group, a division of Weston & Sampson."

Aquatics Group is internationally known for providing design, construction, and construction management services on high-profile projects including Disney's Animal Kingdom Lodge, Typhoon Lagoon, and Blizzard Beach; Water Country; Splish Splash; Water Wizz; Lake Compounce; Blue Mountain Ski Resort; James Madison University; Wheaton College; Phillips Exeter Academy; and St. Paul's School. Their design portfolio of indoor/outdoor waterpark developments, multi-generational aquatics facilities for public agencies, and competition-level swimming pools for academic institutions will complement Weston & Sampson's aquatic design, construction, and maintenance and repair capabilities, offering clients comprehensive services and one-stop shopping.

Established in 1899, Weston & Sampson provides professional consulting services to public and private sector clients throughout the Northeast and in South Carolina and Florida. The firm's areas of expertise include water, wastewater, and solid waste engineering; traffic and transportation; environmental compliance and permitting; stormwater management; geotechnical and structural engineering; landscape architecture; facilities planning and design; information technology; renewable energy; operation and maintenance; and construction oversight. For further

information regarding how Weston & Sampson assists clients with environmental and infrastructure-related challenges, contact Robert A. Goober, P.E., Director of Marketing, at (800) SAMPSON or gooberr@wseinc.com.
